Web Consultant  
Reynolds Web Solutions

LINCOLN

Aloha Mai,

Our Dealership Group has been using Webmaker X for 8 months.

What we like best is the user-friendly platform not only for our people but more importantly, the clients.

Mercury

We ask our clients how they enjoyed their Internet experience with our web site and 98% are please with the performance and information supplied to them. They find it easy to navigate the site and find the information they are looking for without having to go through many steps.

PONTIAC

From our perspective we have the flexibility to manage our system in a user-friendly manner. The platform allows us to manage and upgrade, add features such as commercial footage and special programs. The tools are advanced enough for our needs yet very simple to learn and maintain.

ISUZU

We presently use Webmaker X and integrate with LSI and our CRM program to manage our database, keep our database updated and market to our clients.

eCommerce has helped us create a whole new, cost effective addition to our marketing and sales efforts to compliment our business model.

Mahalo to you and the Goldteam for your Kokua and support staff, your team is a great tech support program.

Mahalo nui loa,

DJ Halcro (CIM) (BDC)  
BDC & eCommerce Director  
The Jackson Auto Group Hawaii
