

## PORTLAND VOLVO

### Volvo C30 Sport Accessories

Portland Volvo is pleased to announce the introduction of a wide range of sport accessories designed specifically for the C30. These accessories will allow you to create your own unique, distinctly personalized Volvo.

---

#### Color Coordinated Dash trim Kit

The C30 color coordinated dash trim kit is designed to match the exterior color of your vehicle. The kit features a pre-painted center stack and individual pieces for the air vents and door handles. All components are pre-painted to match the exterior color of the vehicles. These kits are available pre-painted in eight different colors.

---

## Carbon Fiber Accent Kit

The C30 Carbon fiber accent kit features three components that are not only sporty but functional as well.

The kit consists of the following components.

- Carbon fiber moldings for the B-pillar
- Carbon fiber rear bumper
- Carbon fiber door sill moldings

All three items feature real carbon fiber material. The carbon fiber B-pillar moldings are available separately as well.

---

## C30 Side Scoop

The C30 Side scoop provides a sport appearance that enhances the look of your vehicle. The side scoop attaches to the C pillar and is available pre painted in 8 different colors.

Installation is quick and easy. Simply dry fit the scoop to match the window perimeter, peel the tape on the underside of the scoop and install.

---

## C30 Hood Scoop

The C30 Hood Scoop is designed to appear to be force-feeding air into the engine bay while complementing the exterior lines of the front of the vehicle. The Hood Scoop Comes pre painted in 8 different colors.
