Ashlee Johnson's Story:

Hi – I'm Ashlee Johnson. I am a sister, daughter, and high school science teacher. I always liked science classes when I was growing up, but my true passion back then was playing golf. My dad was a golf professional at several courses in Wisconsin and was also the golf coach for my sister, Abby, and me. He gave us a lot of great advice for the course while we were growing up. My senior year of high school, we won the Wisconsin state title, and I earned a full golf scholarship to Illinois State... It was a really great way to go to college and a nice way to save my dad, and coach, A LOT of money!

When I graduated from college and asked my dad to coach me on buying a car, he said there is only one thing to do – go directly to Andrew Automotive. My dad had bought many vehicles from them so he really trusted Andrew to help me find the car I wanted, at the price I needed. So, buying my first car was an easy and great experience! Andrew took care of everything I needed, and I would recommend Andrew to any first time car buyer. I love my new Toyota Corolla! Thanks a bunch Andrew Toyota!

Sincerely,
Ashlee
